

BOARD ACTION

Policy:	3358-9-09	
Title:	Approval of Dog-Friendly Workplace Policy	
<p>This policy replaces a policy titled "Animals on Campus." That policy was generally prohibitive and allowed for some exceptions by "prior, written, and published approval of an officer of the college." There was no statement on behalf of the college providing direction for appropriate exceptions nor for proper enforcement.</p> <p>The campus community has expressed an interest in finding ways to make our campus a dog-friendly workplace. Research was conducted with the Ohio Attorney General, our insurance company, and similar business environments to compose a safe and innovative policy.</p> <p>3358-9-09 Dog-Friendly Workplace Policy</p> <p>Replaces previous policy 3358-9-09</p>		
Impact on Student Success:	Language has been updated to reflect the existence of our Vet Tech program and ensure students can benefit from the presence of animals on campus for educational purposes while providing protection to all members of the campus community.	
Impact on Budget:	None	
Recommendation: Approve the policy as presented.		
Does this replace an existing policy? Yes		
Approved: <input checked="" type="radio"/> YES/NO	Signature:  Chairman	Date: 11/17/2021
