

I am **EDISON STATE**

I am EDISON STATE

Since 1973, we have proudly followed in the footsteps of our namesake, Thomas Alva Edison, and earned a reputation for being an innovator in providing quality, accessible higher education and training opportunities for our students. What motivates us to continue to strive for excellence? It's you: the student, alumni, family member, supporter, community member, mentor, industry partner, educator, and staff member. This is why you can proudly declare, "I am Edison State."

1973
Groundbreaking
Officials break ground at the first general and technical college in the state.

1975
The First Graduate
Mr. Gregory A. Simmons receives the first diploma.

1976
First Basketball Team
Edison State's first-year basketball team wins opener in triple overtime.

1995
The Edison Foundation is Established
to help Edison State meet its educational and community service goals.

2007
The Point
Construction is underway on the 34,000 sq. ft. Emerson Center, also called "The Point."

2013
Learning Milestone
The college awards its 10,000th credential during the 2013 commencement.

2020
Record Enrollment
Enrollment reaches an all-time high at over 4,000 students.

2024
First Bachelor's Degree
The College is approved to offer a Bachelor's of Science in Nursing.

Why EDISON STATE?

What sets Edison State Community College apart from the rest? It's our friendly and knowledgeable faculty and staff, our top-notch programs, our accessible campus locations, our robust partnerships, and, most importantly, it's students like you.

Accessible

Four convenient locations in Piqua, Greenville, Eaton, and Troy, plus online learning.

Affordable

One of the lowest tuition rates in the state.

Athletics

Volleyball, men's and women's basketball, baseball, and softball teams compete in the NJCAA as D-II members.

Program Variety

Choose from over 100 programs, certificates, and short-term technical certificates.

Quality Instruction

Student-to-faculty ratio is 13:1.

Enrollment

Over 5,000 students are enrolled annually.

Financial Aid

Over \$6.6 million was awarded in financial aid in 2022-2023.

Clubs & Activities

Connect with like-minded students by joining a club or engaging in campus activities.

Scholarships

The Edison Foundation has awarded over \$2 million in scholarships since 1993.

Transferable

Articulation agreements ensure the credits you earn will transfer to other colleges.

Take It From Our Alumni

Since graduating from Edison State, I have furthered my education and earned my bachelor's degree, and now I'm currently working on my master's degree. My Edison State experience greatly impacted my life, and I will be forever grateful.

-Charity B., Alumna

The Edison State experience was a game-changer for me. The staff is wonderful in making sure you have the resources you need to succeed, whether it's library help, tutoring, the bookstore, volunteer experiences, job assistance—and even the cafeteria. Edison State does such an awesome job at helping students first gain confidence, and then getting them out there and involved.

-Jennifer W., Alumna

The professors are knowledgeable and experienced in the field, yet patient enough to spend time working with their students to ensure that they truly grasp the concepts being taught. I enjoyed the challenging classes, the friendships made with classmates, the professors, and, most of all, the knowledge that I would be able to use what I was learning to save lives in the medical field.

-Taylor K., Alumnus

I loved that my instructors took the time to get to know me and how I learn best. I was offered every opportunity to gain additional help if I needed it and was encouraged that I could always reach out to my instructors for anything. Not only was Edison State affordable and comfortably close to home, but they genuinely provided me with a great education and experience.

-Katie J., Alumna

OUR CAREER Pathways

Our career pathways offer a clear route to help you achieve your goals. Once you select a career pathway and enroll in classes, you will work towards earning industry-recognized short-term technical certificates, certificates, technical degrees, or transferable associate degrees. These credentials will set you on the path to success, regardless of your destination.

Associate Degree

(60-65 Credits)

Associate degrees are available in various career pathways. Our associate degrees will prepare you for the workforce or to further your education at a four-year college.

Certificate

(30-37 Credits)

Numerous certificates are available within each career pathway. Earning a certificate allows you to enter the workforce and build toward an associate degree using the same credits. You can earn a certificate in as little as 12 months.

Short-Term Technical Certificate

(<30 Credits)

Gain skills to start a new job or advance in your current career with short-term technical certificates, which consist of up to seven courses that can be completed in a year or less.

University Transfer

IDENTIFY *Existing Credit*

There are numerous ways in which you may have already earned college credit. Our Career Pathways Advisors and Enrollment Managers will meet with you individually to help you identify the credits you may be eligible to receive for previous education or experiences.

AR

Articulated Credit

Formal agreements established between organizations to award college credits.

MTAGs

Military Transfer Assurance Guides

A statewide guarantee that certain types of military training, experience, and/or coursework align with college courses to award appropriate credit.

CTAGs

Career-Tech Assurance Guides

Students who successfully complete select coursework in high school or adult career-tech institutions may be eligible to earn college credit.

PLE

Prior Learning Experience

Find out if the knowledge you've gained previously outside the classroom will qualify for credit through a Prior Learning Assessment or C-PLeX.

CCP

College Credit Plus

Earn college and high school credit concurrently, accelerating your college career at little to no cost.

PR

Proficiency Exam

Edison State proctors over 30 proficiency exams that allow you to earn credit by testing out of specific classes.

BUSINESS Pathway

Get ready to work in different environments, such as business, government, and nonprofit organizations. Business requires sharp problem-solving skills and an entrepreneurial mindset, and we will support you in becoming a leader in the industry that suits you best!

Tax Consultant

Obtaining my agriculture degree from Edison State had everything to do with my current career as co-owner of Smith & Hale Hearty Cheese. As a city boy who moved to the country, the program taught me all facets of agriculture, from finance and land conservation to animal husbandry and identifying a specific bovine breed. The two things from my experience at Edison State that helped me were the site tours of area agriculture operations and in-class speaker presentations from area farmers and agribusinesses. These experiences demonstrated to our classes that there are excellent careers in agriculture, and it is also how I met my current business partner.

-Jim H., Alumnus

ENGINEERING & MANUFACTURING *Pathway*

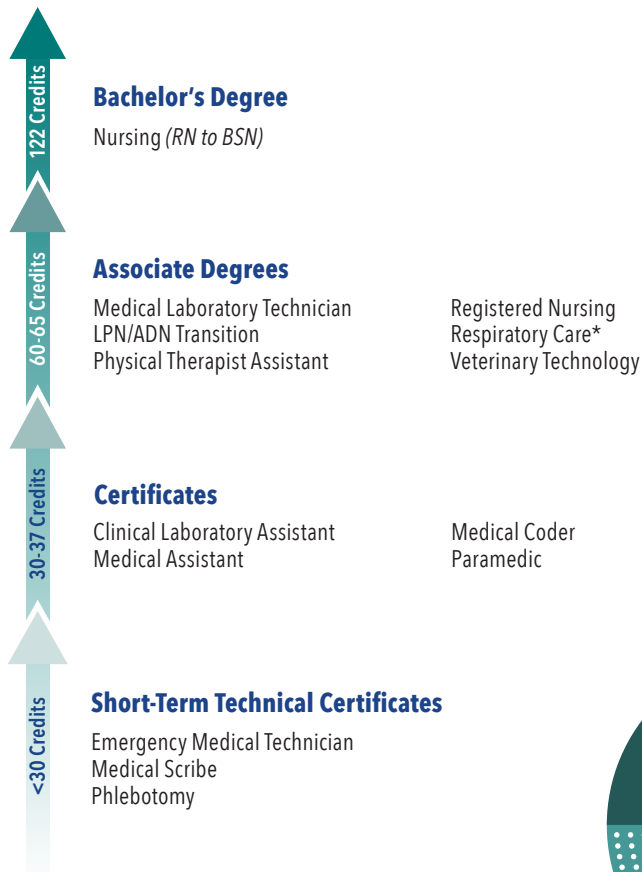

Our engineering and manufacturing pathway provides real-world experience, education, access to state-of-the-art laboratories, and hands-on internships. You will gain practical skills to thrive in today's fast-paced, technology-driven environments.

HEALTH SCIENCES *Pathway*

By learning the fundamentals of science and mathematics, you can make an impact on the lives of the sick or disabled and assist individuals in maintaining or regaining their health.

NOTE: All programs, except for the Nursing (RN to BSN) bachelor's degree, prepare students to obtain state certification and credentials necessary for their chosen career field.

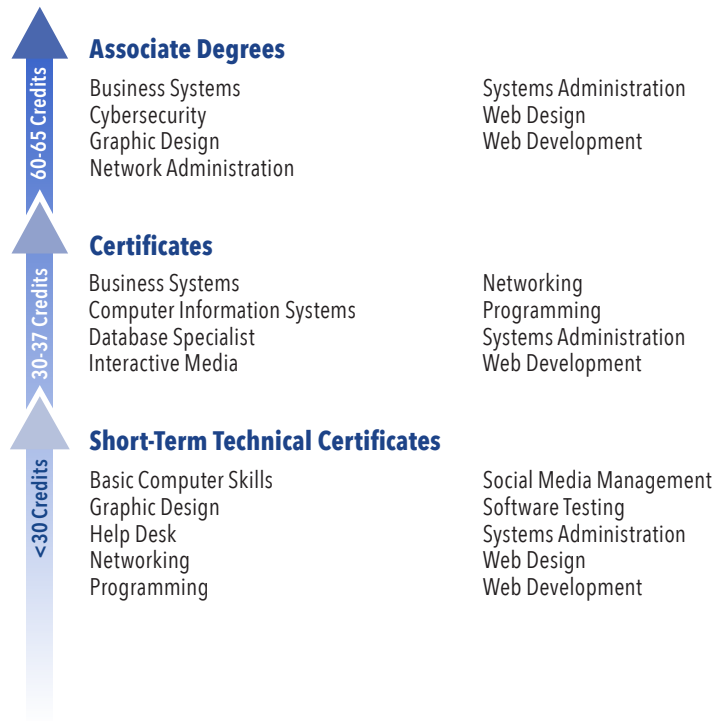

**Edison State is seeking accreditation from the Commission on Accreditation for Respiratory Care (CoARC) for the Respiratory Care program. However, Edison State cannot assure that the CoARC will grant accreditation.*

INFORMATION TECHNOLOGY *Pathway*

The Information Technology pathway offers an opportunity to gain expertise in a wide range of computer equipment and programming in a variety of languages. Learn to integrate processes effectively, acquire a strong foundation in computer science, or explore the exciting realms of web development and graphic design.

scan me

SOCIAL & PUBLIC SERVICES *Pathway*

The Social and Public Services career pathway is ideal for individuals who enjoy working with people, are passionate about making a positive impact, and wish to pursue a career helping others feel safe and secure. This pathway will prepare you to work with diverse populations, equip you with the knowledge to handle real-life situations and teach you how to create safe environments for individuals, families, and communities.

Transfer Agreements

Edison State has partnered with three universities to provide a seamless transfer option from an Edison State associate degree to a bachelor's degree. These programs were uniquely developed to provide a clear pathway to success with exclusive benefits. Visit www.edisonohio.edu/univpartners to learn more.

Edison State also holds over 50 transfer agreements with area colleges and universities which list courses that you can take at Edison State to prepare for popular majors at various institutions.

Ohio Transfer 36

The Ohio Department of Higher Education's Ohio Transfer 36 transfer module consists of general education courses all Ohio public colleges and universities have agreed to apply to their general education requirements. The 36 credits in the Edison State transfer module are guaranteed to transfer to any Ohio public college.

WORK-BASED *Learning*

Work-Based Learning is a unique form of education that integrates classroom study through planned and supervised work experiences. It allows students to excel and acquire essential practical skills by being exposed to real-life situations through experiential learning opportunities. Stand out from your peers, learn while you earn, and gain the confidence needed to succeed.

Apprenticeships

Edison State is a registered apprenticeship sponsor for the State of Ohio.

Apprenticeship programs provide you with the high-level skills needed by today's businesses. You will take classes at Edison State to fulfill the necessary hours of related instruction while working at a participating employer. As a program participant, you will earn a nationally recognized credential while completing a certificate or degree relevant to your work.

Additional Forms of Work-Based Learning

Volunteer Opportunities

Gain hands-on experience while donating your time to a non-profit organization or related business.

Intern/Co-Op

A student who works in a professional environment to gain practical experience and skills related to their field of study.

Student Worker

A student who works on campus while going to college.

Job Shadow

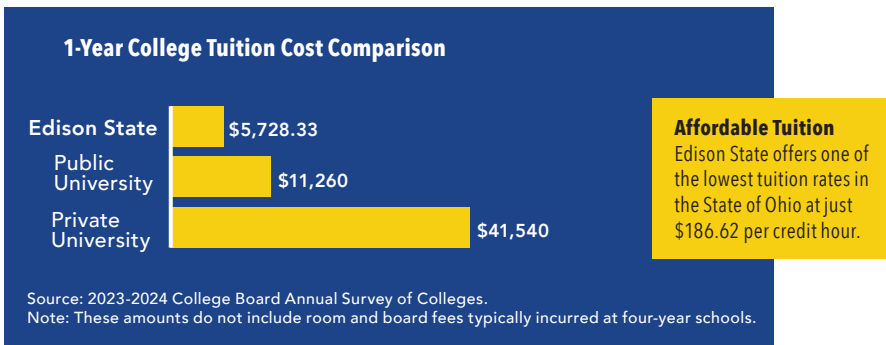

When an interested student follows and observes an experienced employee to gain insight on a career.

TUITION & Aid

More than 61% of students attending Edison State receive some form of financial aid, including grants, scholarships, educational loans, and part-time work-study employment.

Financial Aid

Free Application for Federal Student Aid (FAFSA)

Submit the FAFSA to qualify for financial aid. This application will help determine your eligibility for federal and/or state-based financial aid programs. Complete the application online at www.studentaid.gov. Edison State's school code is **012750**.

Scholarship Opportunities

Edison State and The Edison Foundation Scholarships

Edison State and The Edison Foundation scholarship application is your ticket to applying for over 35 campus-based scholarships. The scholarship application is available beginning November 1 of each academic year and the deadline for submission is March 1 of the following year. An application may be submitted at www.edisonohio.edu/apply during the application period.

Additional Scholarships

Additional scholarships and grants are available at Edison State with the submission of separate and unique applications and deadlines. Additional scholarships include the Choose Ohio First Scholarship, Honda Excellence in Manufacturing Scholarship, Short-Term Technical Certificate Grant, and more. See details at www.edisonohio.edu/ScholarshipApps.

CAMPUS SERVICES & *Student Life*

Athletics

Edison State's five intercollegiate varsity sports and outstanding facilities create the perfect setting for student-athletes. The Chargers compete in the Ohio Community College Athletic Conference (OCCAC). They're also affiliated with the National Junior College Athletic Association (NJCAA) at the Division II level, allowing the College to offer athletic scholarships in all sports.

Clubs & Activities

Enhance your leadership skills or focus on your specific field of study. You can get involved with the Charger Music Society, Creative Writing Club, LGBTQIA+ Alliance, Phi Theta Kappa, or the National Society of Leadership and Success. Take a break from learning to play a round of disc golf on our 18-hole disc golf course at the Piqua Campus or watch a home Charger athletic game for free.

Child Development Center

The award-winning Edison State Child Development Center is a nationally accredited developmental program of care and education. The program is available to Edison State students, faculty, staff, and parents from local communities.

Campus Safety & Security

Edison State maintains safe campus environments with a police department, which was established to meet the needs of a growing college with multiple campus locations through professional law enforcement.

Student Lounge

Need a place to meet with classmates and take a break? Each Edison State location is equipped with a student lounge. Watch TV, lounge in a beanbag chair, and make yourself comfortable.

Accessibility & Disability Services

The services offered by Edison State aim to enhance each student's individual educational experience by providing confidential accommodations that give students the support needed to be successful in their classes.

Veteran Services

Veteran Services gives you and your family a single point of contact, providing academic, referral, and personal support services to help ease access to higher education, foster success, and build community. Located in the West Hall of the Piqua Campus, a dedicated Veterans' Lounge serves as a quiet place to study or relax.

Library & Tutoring Services

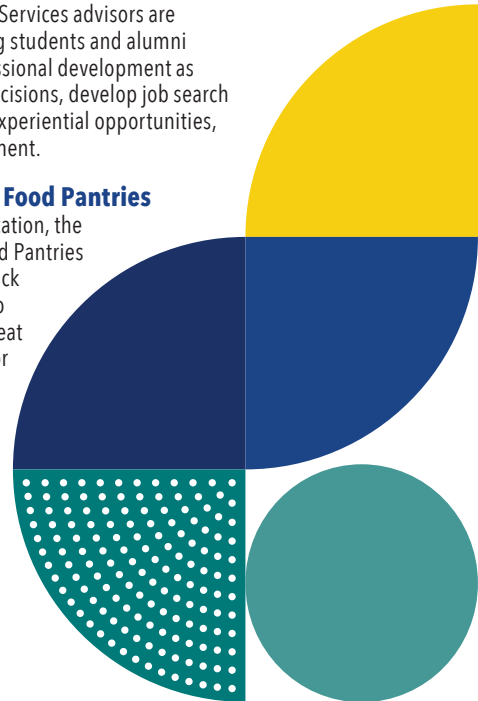

The Edison State Library is your resource for an elaborate array of academic resources. All students enrolled at Edison State are eligible to receive free learning assistance and tutoring services. Tutoring is available for many subjects, including various levels of math. Tutors are also available to review writing assignments.

Career & Job Services

Our Career and Job Services advisors are dedicated to helping students and alumni advance their professional development as they make career decisions, develop job search strategies, pursue experiential opportunities, and secure employment.

Charger Station Food Pantries

Available at each location, the Charger Station Food Pantries are stocked with snack items for students to grab a quick bite to eat on the way to class or pick up ingredients for a meal later.

GET *Started*

Submit an Application

Apply online at www.edisonohio.edu/getstarted.

Provide Your High School Transcript

The academic records submitted with your application will be evaluated to determine course placement.

Register for Classes

Set up an advising appointment to discuss academic planning, including any additional placement tests that may be required prior to course registration.
