TYPES OF CAREER-TECH CREDIT

- **CAREER-TECHNICAL AGREEMENTS (ARTICULATED CREDIT)** These are agreements set up between Edison State Community College and high school career-tech programs. These agreements are a seamless pathway to college that avoids duplication of content. An Application for College Credit must be completed by the career-tech Instructor, signed by the student, and submitted to Edison State by May 1st.

- **CAREER-TECHNICAL ASSURANCE GUIDE (CTAG)** CTAGs are statewide agreements offered in commonly taught career-tech courses. College credit is earned by students who demonstrate proficiency in specific career-tech courses. Credits are documented through a statewide verification process (CTAV) and are posted mid-summer after high school graduation.

EARNING CAREER-TECH CREDIT

Each career-tech program and course has unique requirements to earn credit such as end of course assessments (WebXams), grades, and credential requirements. Career-tech credits go through a verification process and credits are typically posted mid-summer following high school graduation.

CAREER-TECH INSTRUCTOR submits Application for Credit to Edison State by *May 1st of Senior Year* → **STUDENT** completes Career-Tech & CTAG Retrieval Form on the Edison State website. *May of senior year* → **EDISON STATE** retrieves CTAG Credits from the Ohio Department of Education CTAV portal. *June/July* → Career-Tech credit is posted to Edison State transcript. *July/August*
